Troup Baptist Association

Affinity Group Evangelism Training Session

May 8 @ 6:30 pm
Troup Baptist Association

Please RSVP to Angela at (706) 884-1975

Affinity Group Evangelism:

Dr. J. Robert White, Executive Director of the Georgia Baptist Mission Board, will be leading a training session on Affinity Group Evangelism on May 8 at 6:30 pm at the Troup Baptist Association. Affinity Group Evangelism is simply learning how to take your hobby, whatever it is, and together with like-minded people in your church, turn it into an evangelistic outreach ministry. This can be as varied as hunting to quilting, or motorcycle riding to scrap-booking. While this is a stand-alone ministry training event, the Acts 1:8 Team thought this training would be a hand in glove fit to the On Mission Together emphasis.

On Mission Together:

Last year, the Troup Baptist Association Acts 1:8 Team sponsored our very first "On Mission Together Day." It was a great success! This year the Acts 1:8 Team is expanding this to a week of local mission projects: July 16-22, 2017. The purpose of this event is to engage every church, regardless of size or location, in a local mission project of their choosing. There are fifty-four churches in the Troup Baptist Association. The idea is for every church to select a local mission event and carry it out simultaneously. The hope is that this will send a loud message about the love of Jesus Christ into our community. We are encouraging each church to select a local mission project(s), recruit volunteers from your congregation, and simply do the project(s). Your mission project can be construction, painting, cleaning, a Backyard Bible School, or anything you choose.

The Acts 1:8 Team will provide two training sessions for this on May 15th. The morning session will be at 11 am at New Macedonia Baptist Church located at 111 Johnson Street in LaGrange. The evening session will be at the association office at 6:30pm.
